This is a quick one for you all. You may have noticed that when you read any news website, you get distracted with those popups, advertisements, scrolling texts and what not. If you want to read the web distraction free, here is a bookmark for you.

Readability is a simple tool that makes reading on the web more enjoyable by removing the clutter around what you are reading. Check out this
{In:nw:http://lab.arc90.com/experiments/readability/ 'Readability Bookmark}

Similarly if you want to watch your Youtube vidoes distraction free and without comments, ratings and all, {In:nw:http://quietube.com/ 'QuieTube} is for you. It not only allows you to watch videos distraction free but also create tiny URI that you can share with your friends/family so that they can also enjoy the video clutter free.
